**THE BULBS** — are all grown on sand loam soil, and state inspected and disease free. Every effort is made to ship quality stock, true to name. If for any reason you are not satisfied, let us know and we will make adjustment to your satisfaction.

**ORDERS** — are cash with order or 25% down, balance before shipment. Orders of \$2.50 or more shipped prepaid. We aim to put in some extras on all orders—the larger the order the more extras. All orders filled in the order they are received. You are mailed a confirmation of order the same day it is received.

**SUBSTITUTION** — Please indicate on the order if we may substitute size or variety in case we are out of what you order. We do not substitute unless you tell us to.

**SIZES** — Large bulbs are 1 1/4" in diameter or over, medium are 3/4" to 1 1/4", small are under 3/4". Bulblets are hand selected — approximately 100 to a packet.

## Here's the Plan!

By placing your order now you may take a 20% discount from all prices listed in this folder, except those specials marked NET—the discount has already been figured on them.

You may work this discount two ways:

1 — By sending your order and money for bulbs as listed in this folder less your discount of 20% — or —

2 — You may send me a check for whatever amount you wish — I will send you a credit memo — and then you may select your bulbs from my spring retail price list to the extent of 20% more than you check.

It will pay you to use this plan, both from the savings angle and because of the fact that bulbs are in rather short supply this year and prices may advance.

This plan is good only on orders accompanied by check and received by Dec. 31, 1952.

**Mail your order today.**
